

You Can Help!

Avalon Ministry will be offering low cost, or no cost, counseling to people who can not afford to pay. Many people fall through the cracks either because they do not have insurance or because they are unemployed or maybe on public assistance. For many years now it has been our goal to provide counseling for those who call but cannot pay. Here at Avalon we already see clients for free or reduced fees but there are many more in need. It is very sad to turn people away. We have trained counselors waiting to offer their services at a reduced fee. If you would like to donate to this cause we would be so grateful for your effort. Avalon Ministry is a fully sanctioned non-profit ministry.

Thank You!!
